Journal of Neurosurgery

[*J. Neurosurg.*]

JULY 1970

Volume XXXIII, Number 1, Part II

• Published Monthly by the
AMERICAN ASSOCIATION OF
NEUROLOGICAL SURGEONS

DR. PAUL C. BUCY
Director of Publications

MISS ROSE R. LOTZ
Advertising and Subscription
Manager
Suite 1230, 251 E. Chicago Avenue
Chicago, Illinois 60611, U.S.A.

• Copyright, 1970, by the American Association of Neurological Surgeons. Subscription rates: $21.00 a year in the Western Hemisphere and Spain; $23.00 a year in other countries. Special rate: $12.00 a year to residents, interns, and medical students in the United States and Canada. Single copies, $2.50. Checks, money orders and drafts (in United States dollars or their equivalent) should be made payable to the JOURNAL OF NEUROSURGERY, and mailed to Miss Rose R. Lotz, Subscription Manager, Suite 1230, 251 East Chicago Avenue, Chicago, Illinois 60611, U.S.A. All subscriptions are accepted on an annual basis only—January through December.

Second-Class postage paid at CHICAGO, ILLINOIS, and at additional mailing offices, under the act of March 3, 1879. Printed in the U.S.A.

Editorial Office

Dartmouth Medical School, Hanover, N.H. 03755
HENRY L. HEYL, *Editor*
ELAINE D. SELLE, *Assistant Editor*

Editorial Board

EBEN ALEXANDER, JR., Winston-Salem, *Chairman*
ARTHUR A. WARD, JR., Seattle
DONALD D. MATSON (Deceased)
LYLE A. FRENCH, Minneapolis
CHARLES G. DRAKE, London, Ontario
SIDNEY GOLDRING, St. Louis

Advisory Board

CHISATO ARAKI, Kyoto
ROMÁN ARANA-IÑIGUEZ, Montevideo
A. I. ARUTIUNOV, Moscow
A. ASENJO, Santiago de Chile
PAUL C. BUCY, Chicago
EDUARD BUSCH, Copenhagen
NORMAN M. DOTT, Edinburgh
PIERO FRUGONI, Padua
GERARD GUIOT, Paris
HUGO KRAYENBÜHL, Zürich
ADOLFO LEY-GRACIA, Barcelona
GOSTA NORLÉN, Gothenburg
D. W. C. NORTHFIELD, London
HERBERT OLIVECRONA, Stockholm
WILDER PENFIELD, Montreal
B. RAMAMURTHI, Madras
BRONSON S. RAY, New York
DAVID L. REEVES, Santa Barbara
KEIJI SANO, Tokyo
HENRY G. SCHWARTZ, St. Louis
ARIST STENDER, W. Berlin
H. VERBIEST, Utrecht
BARNES WOODHALL, Durham

Journal of Neurosurgery

Cumulative Authors Index, Volumes *1–31*
January 1944–December 1969

ABBASSIOUN, K. See McQueen, J. D., 1968, *29:* 597

ABBOTT, K. H. Use of frozen cranial bone flaps for autogenous and homologous grafts in cranioplasty and spinal interbody fusion, 1953, *10:* 380, 693

Discussion, 1959, *16:* 662

——, GAY, J. R., and GOODALL, R. J. Clinical complications of cerebral angiography, 1952, *9:* 258

——, and GLASS, B. Pterional meningioma "en plaque." Report of a case of thirty-six years' duration, 1955, *12:* 50

——, and HALE, N. Cervical trapeze. An apparatus for ambulatory treatment of fractures of the cervical spine, 1953, *10:* 436

——, RETTER, R. H., and LEIMBACH, W. H. The role of perineurial sacral cysts in the sciatic and sacrococcygeal syndromes. A review of the literature and report of 9 cases, 1957, *14:* 5

——, ROLLAS, Z. H., and MEAGHER, J. N. Choroid plexus papilloma causing spontaneous subarachnoid hemorrhage. Report of case and review of literature, 1957, *14:* 566

ABBOTT, M. [L.] See Stern, W. E., 1966, *24:* 57

——, KILLEFFER, F. A., and CRANDALL, P. H. Melanotic meningioma. Case report, 1968, *29:* 283

——, and NAMIKI, H. Congenital ependymoma. Case report, 1968, *28:* 162

ABDULLAH, A. F. See Gardner, W. J., 1957, *14:* 591

ABLIN, G., and ERICKSON, T. C. Osteomyelitis of cervical vertebrae (and quadriparesis) secondary to urinary tract infection. Case report and review of literature, 1958, *15:* 455

ABRAHAM, J. See Devadiga, K. V., 1969, *30:* 286

——, and CHANDY, J. Meningiomas of the posterior fossa without dural attachment. A case report, 1963, *20:* 177

Ventriculo-atrial shunt in the management of posterior-fossa tumours. Preliminary report, 1963, *20:* 252

——, MARGOLIS, G., O'LOUGHLIN, J. C., and MACCARTY, W. C., JR. Differential reactivity of neural and extra-neural vasculature. I. Role in the pathogenesis of spinal cord damage from contrast media in experimental aortography, 1966, *25:* 257

ACOSTA, C., WATTS, C. C., SIMPSON, C. W., and PATTERSON, C. E. Ochronosis and degenerative lumbar disc disease. Case report, 1968, *28:* 488

ACOSTA-RUA, G. See Albin, M. S., 1968, *29:* 113

ADACHI, M. See Sadik, A. R., 1963, *20:* 609

ADAMETZ, J. H. Rate of recovery of functioning in cats with rostral reticular lesions. An experimental study, 1959, *16:* 85

Discussion, 1959, *16:* 98

ADAMS, J. See Spiegel, E. A., 1963, *20:* 871

ADAMS, J. E. Cerebral metabolic studies on the human during total cerebral arterial occlusion and hypothermia. The effect on cerebral respiratory quotient, 1961, *18:* 168

Familial hemangioblastoma of the cerebellum. Pedigree of two families, 1953, *10:* 421

Tracer studies with radioactive phosphorus (P^{32}) on the absorption of cerebrospinal fluid and the problem of hydrocephalus, 1951, *8:* 279

Discussion, 1961, *18:* 174, 199; 1962, *19:* 70, 970

See Alexander, E., Jr., 1963, *20:* 810

See Connolly, E. S., 1965, *23:* 431

See Karlsberg, P., 1962, *19:* 665

See Lee, W. M., 1968, *28:* 351

See Smith, M. C., 1963, *20:* 46; 1966, *24:* 86

See Stevenson, G. C., 1966, *24:* 544

See Wylie, E. J., 1964, *21:* 212

——, and SEVERINGHAUS, J. W. Oxygen tension of human cerebral grey and white matter. The effect of forced hyperventilation, 1962, *19:* 959

——, SEYMOUR, R. J., EARLL, J. M., TUCK, M., SPARKS, L. L., and FORSHAM, P. H. Transsphenoidal cryohypophysectomy in acromegaly. Clinical and endocrinological evaluation, 1968, *28:* 100

ADAMS, J. P., and RIZZOLI, H. V. Tardy radial and ulnar nerve palsy. Case report, 1959, *16:* 342

ADAMS, R. D. See Brougham, M., 1950, *7:* 421

See White, J. C., 1955, *12:* 450

ADAMS, S. See Alexander, E., Jr., 1953, *10:* 672

ADEY, W. R. See Ward, A. A., Jr., 1961, *18:* 371

ADIB, S. See Cuatico, W., 1965, *22:* 569

ADSON, A. W. An oxygen conveyer: a toy balloon, 1947, *4:* 396

See Svien, H. J., 1950, *7:* 587

ÁFRA, D. Ossification of subdural hematoma. Report of two cases, 1961, *18:* 393

AGUILAR, J. A., and ELVIDGE, A. R. Intervertebral disk disease caused by the *Brucella* organism, 1961, *18:* 27

AHMED, R. H., and SEDZIMIR, C. B. Ruptured anterior communicating aneurysm. A comparison of medical and specific surgical treatment, 1967, *26:* 213

AIRD, R. B. Discussion, 1944, *1:* 341

——, and BOWDITCH, S. C. Cortical localization by electroencephalography. The value of a quantitative and statistical analysis of homologous recordings obtained simultaneously, 1946, *3:* 407

——, and NAFFZIGER, H. C. The pathology of human striated muscle following denervation, 1953, *10:* 216

——, STRAIT, L. S., ZEALEAR, D., and HRENOFF, M. Neurophysiological studies on cerebral concussion, 1952, *9:* 331

AITA, J. A. Modern considerations of the man with brain injury, 1947, *4:* 240

AITKEN, R. R., and DRAKE, C. G. Continuous spinal drainage in the treatment of postoperative cerebrospinal-fluid fistulae, 1964, *21:* 275

AJMONE-MARSAN, C. See Van Buren, J. M., 1960, *17:* 905

AKDIKMEN, S. See Lende, R. A., 1968, *29:* 495

AKELAITIS, A. J. A study of gnosis, praxis and language following section of the corpus callosum and anterior commissure, 1944, *1:* 94

ALBEGGIANI, A. See Morello, A., 1967, *26:* 536

XUM

ALBERNAZ, J. G., and BUCY, P. C. Nonchromaffin paraganglioma of the jugular foramen, 1953, *10:* 663
ALBERTS, W. W. Simple graphic stereotaxic localization, 1961, *18:* 561
See Feinstein, B., 1960, *17:* 708; 1969, *30:* 313
See Levin, G., 1961, *18:* 210
——, FEINSTEIN, B., LEVIN, G., WRIGHT, E. W., JR., DARLAND, M. G., and SCOTT, E. L. Stereotaxic surgery for parkinsonism. Clinical results and stimulation thresholds, 1965, *23:* 174
——, and WRIGHT, E. W., Jr. A thermistor brain probe, 1961, *18:* 560
——, ——, FEINSTEIN, B., and BONIN, G. v. Experimental radiofrequency brain lesion size as a function of physical parameters, 1966, *25:* 421

Intervertebral disc, herniated
caused by *Brucella*, 1961, *18:* 27
causes of failure in operation for, 1952, *9:* 15
cervical, anterior approach for removal of, 1958, *15:* 602
cervical, compression of cord by, 1948, *5:* 471
cervical, dynamic factor in spinal cord compression from, 1958, *15:* 308
cervical ruptured, simulated by fractures of laminae, 1948, *5:* 95
cervical, syndrome of, following head trauma, 1949, *6:* 458
differential diagnosis of intraspinal tumors and protruded intervertebral discs and their surgical treatment, 1944, *1:* 275
electromyography after operation for, 1951, *8:* 469
experimental intervertebral fusion, 1953, *10:* 443
foramen encroachment with, 1950, *7:* 347, 352
frozen bone for grafts in spinal interbody fusion, 1953, *10:* 380
fusion following lumbar disc excision, 1956, 13*:* 469
fusion of vertebrae after resection of, 1961, *18:* 79
inflammatory disease of, complicating operation, 1959, *16:* 261
lateral protrusion, oblique myelography for, 1962, *19:* 264
lumbar, 1952, *9:* 229
lumbar, analysis of surgical results, 1963, *20:* 410
lumbar, bone changes following removal of, 1958, *15:* 537
lumbar discography, 1962, *19:* 452
lumbar, epidural anesthesia for excision of, 1957, *14:* 1
lumbar, in Africans, 1967, *26:* 31
lumbar, in teen-age children, 1964, *21:* 1070
lumbar, nerve-root anomalies in surgery of, 1962, *19:* 208
lumbar or lumbosacral, muscle weakness and wasting due to, 1950, *7:* 270
lumbar, paraplegia from, in achondroplastic dwarfs, 1952, *9:* 648
lumbar, postoperative infection of, 1953, *10:* 469
lumbar, protruded, posterior tibial reflex in localization of, 1946, *3:* 457
lumbar, protruded, results of surgical removal of, 1944, *1:* 117
lumbar, protruded, spinal nerve injury in, 1948, *5:* 413
lumbar, results of operation, 1961, *18:* 783
lumbar ruptured, end results, 1949, *6:* 57, 160, 450
lumbar, syndrome of, produced by osteosclerosis of spine, 1957, *14:* 121
lumbar, treatment of, by vertebral body fusion, 1953, *10:* 154
lumbar, ureteral injury in operation for, 1960, *17:* 925
meningocele spurius after operation for, 1961, *18:* 709
ochronosis with, 1955, *12:* 403; 1963, *20:* 348
operative results in, 1944, *1:* 332
posterior fusion of vertebrae in treatment of, 1962, *19:* 314
posterolateral, lower cervical dermatome hypalgesia with, 1947, *4:* 115
prophylactic use of procaine-penicillin in operations for, 1956, *13:* 444
protruded, intraspinal teratoma simulating, 1965, *22:* 374
protrusions of thoracic disc, 1965, *22:* 591
replacement of, with methyl methacrylate, 1959, *16:* 311
rupture of, subarachnoid, 1961, *18:* 242
rupture of, transvertebral, 1962, *19:* 594
rupture through vertebral body, experimental biomechanics of, 1969, *30:* 134
ruptured, failure to disclose in operations for sciatica, 1949, *6:* 376
self-retaining retractor for use in approach to, 1945, *2:* 459
sensory changes with, 1952, *9:* 133
syndrome simulated by lumbar extradural hematoma, 1950, *7:* 587
thoracic, 1960, *17:* 418
thoracic, calcified, with spinal cord compression, 1957, *14:* 105
thoracic, root pain and paraplegia due to, 1950, *7:* 62
thoracic, syndrome of, 1957, *14:* 61
thoracic, with nerve root and spinal cord compression, 1954, *11:* 525
thoracic, with spinal cord compression, 1968, *28:* 24
thoracic, with spinal cord compression, in kyphosis dorsalis juvenilis, 1954, *11:* 327

Intervertebral disc, herniated—*continued*
vascular injury coincident to surgery of, 1959, *16:* 222
with defect in anterior annulus fibrosus, 1953, *10:* 544
with phantom limb syndrome, 1957, *14:* 344
Intracranial collections of fluid with local bulging of skull, 1955, *12:* 345
Intracranial pressure
analysis of body water compartments in postoperative craniotomy patients, 1968, *28:* 417
blood-brain barrier and, 1964, *21:* 909
brain tissue electrolytes and water in experimental concussion, 1968, *28:* 137
cerebral ischemia, experimental, 1968, *28:* 150
continuous recording, 1967, *27:* 370
effectiveness of agents used to lower, 1965, *23:* 45
effects of increased osmotic pressure of plasma on, 1965, *22:* 563
effects of isosorbide on, 1968, *28:* 124
experimental hypertension and papilledema, 1964, *21:* 469
externalized valve-drainage system to control, 1969, *30:* 264
increased, and pulmonary edema, 1968, *28:* 112, 118; 1968, *29:* 475
increased, cerebrovascular responses to, 1964, *21:* 292
increased, effects of, on oxygenation of blood, 1969, *30:* 532
increased, effects on circulation of reduction of, 1948, *5:* 466
increased, electron-microscope study of arachnoid villus, 1965, *22:* 481
increased, experimental cerebral venous oxygen tension during, 1966, *25:* 638
increased, experimental effects of, on respiration and blood gases, 1969, *30:* 482
increased, transmission of, 1964, *21:* 989
increased, tumors of lower spinal cord associated with papilledema and, 1967, *27:* 105
intraventricular, after intravenous urea, 1965, *22:* 264
isosorbide to lower, experimental use, 1966, *25:* 183
measurements of, in dog, 1964, *21:* 1047
needle with fixation system for permanent measurement of, 1965, *22:* 515
oral glycerol for reduction of, 1964, *21:* 278
prolonged measurement using subminiature absolute transducer, experimental, 1967, *26:* 603
radio telemetry for measurement of, 1967, *27:* 428
recording in traumatic brain injury, 1965 *22:* 581
reduction of, with fructose-mannitol solution, 1967, *26:* 306
relation of, to cerebral blood flow, 1951, *8:* 46
ventricular-fluid pressure in traumatic brain injury, 1965, *22:* 581

Neurosurgical classics
Editorial comment, 1962, *19:* 699
I. *Case of cerebral tumour.* A. H. Bennett and R. J. Godlee, 1962, *19:* 700
II. *Abstract of I, with discussion*, 1962, *19:* 801
Intra-cranial lesions, illustrating some points in connexion with the localisation of cerebral affections and the advantages of antiseptic trephining. W. Macewen, 1962, *19:* 803
Contribution to endocranial surgery. F. Durante, 1962, *19:* 804
III. *The treatment of persistent pain of organic origin in the lower part of the body by division of the anterolateral column of the spinal cord.* W. G. Spiller and E. Martin, 1962, *19:* 1008
Experimental work on the function of the anterolateral column of the spinal cord. W. B. Cadwalader and J. E. Sweet, 1962, *19:* 1010
IV. *The temporary resection of the calvarium instead of trepanation.* W. Wagner, 1962, *19:* 1099
On the method of temporary cranial resection by means of my wire saw. L. Gigli, 1962, *19:* 1101
V. *Technical methods of performing certain cranial operations.* H. Cushing, 1963, *20:* 267
VI. *Technical methods of performing certain*

Neurosurgical classics—*continued*
cranial operations. H. Cushing, 1963, *20:* 366
A method of combining exploration and decompression for cerebral tumors which prove to be inoperable. H. Cushing, 1963, *20:* 368
VII. *Ventriculography following the injection of air into the cerebral ventricles*. W. E. Dandy, 1963, *20:* 452
VIII. *Röntgenography of the brain after the injection of air into the spinal canal*. W. E. Dandy, 1963, *20:* 531
IX. *Pyogenic infective diseases of the brain and spinal cord. Meningitis, abscess of brain, infective sinus thrombosis*. W. Macewen, 1963, *20:* 614
X. *General method of radiological exploration by iodized oil (Lipiodol)*. MM Sicard and Forestier, 1963, *20:* 721
Iodinated organic compounds as contrast media for radiographic diagnoses. III. Experimental and clinical myelography with ethyl iodophenylundecylate (Pantopaque). T. B. Steinhausen, C. E. Dungan, J. B. Furst, J. T. Plati, S. W. Smith, A. P. Darling, and E. C. Wolcott, Jr. with S. L. Warren and W. H. Strain, 1963, *20:* 723
XI. *A case of tumour of the spinal cord. Removal; recovery*. W. R. Gowers and V. Horsley, 1963, *20:* 815
XII. *The electrical excitability of the cerebrum*. G. Fritsch and E. Hitzig, 1963, *20:* 905
XIII. *Remarks on the various surgical procedures devised for the relief or cure of trigeminal neuralgia (tic douloureux)*. V. Horsley, J. Taylor, and W. S. Colman, 1963, *20:* 1011
Intracranial neurectomy of the second and third divisions of the fifth nerve. A new method. F. Hartley, 1963, *20:* 1015
Excision of the gasserian ganglion and of the trigeminal trunk situated centrally from it. F. Krause, 1963, *20:* 1017
XIV. *The division of the sensory root of the trigeminus for the relief of tic douloureux; Experimental, pathological and clinical study, with a preliminary report of one surgically successful case*. W. G. Spiller and C. H. Frazier, 1963, *20:* 1090
XV. *Rupture of the intervertebral disc with involvement of the spinal canal*. W. J. Mixter and J. S. Barr, 1964, *21:* 74
XVI. *Arterial encephalography, its importance in the localization of cerebral tumors*. Egas Moniz, 1964, *21:* 145
XVII. *The Edwin Smith surgical papyrus*. J. H. Breasted, 1964, *21:* 241
XVIII. *The basophil adenomas of the pituitary body and their clinical manifestations (pituitary basophilism)*. H. Cushing, 1964, *21:* 318
XIX. *Loss of speech, chronic softening and partial destruction of the left anterior lobe of the brain*. P. Broca, 1964, *21:* 426
New observation of aphemia produced by a lesion of the posterior half of the second and third frontal convolutions. P. Broca, 1964, *21:* 427
XX. *Internal hydrocephalus. An experimental, clinical and pathological study*. W. E. Dandy and K. D. Blackfan, 1964, *21:* 588
XXI. *Antiseptic wax*. V. Horsley, 1964, *21:* 713
Note on haemostasis by application of living tissue. V. Horsley, 1964, *21:* 713
The control of bleeding in operations for brain tumors. With the description of silver "clips" for the occlusion of vessels inaccessible to the ligature. H. Cushing, 1964, *21:* 714
XXII. *Discussion on the localization of function in the cortex cerebri*. D. Ferrier, 1964, *21:* 730
XXIII. *A case in which acute spasmodic pain in the left lower extremity was completely relieved by sub-dural division of the posterior roots of certain spinal nerves, all other treatment having proved useless. Death from sudden collapse and cerebral haemorrhage on the twelfth day after the operation, at the commencement of apparent convalescence*. W. H. Bennett, 1964, *21:* 813
A contribution to the surgery of the spine. R. Abbe, 1964, *21:* 820
XXIV. *Intracranial aneurysms: cerebral arterioradiography: surgical treatment*. N. M. Dott, 1964, *21:* 894
Intracranial aneurysm of the internal carotid artery cured by operation. W. E. Dandy, 1964, *21:* 901
XXV. *The dermatomes in man*. O. Foerster, 1964, *21:* 1006
XXVI. *Attempt at surgical treatment of certain psychoses*. Egas Moniz, 1964, *21:* 1110
XXVII. *The structure and functions of the cerebellum examined by a new method*. V. Horsley and R. H. Clarke, 1965, *22:* 102
XXVIII. *The surgical-mortality percentages pertaining to a series of two thousand verified intracranial tumours*. H. Cushing, 1965, *22:* 191
XXIX. *A method for the localization of brain tumors—the pineal shift*. H. C. Naffziger, 1965, *22:* 197
XXX. *The cerebral cortex and consciousness*. W. Penfield, 1965, *22:* 203
XXXI. *About hydrocephalus*, H. Quincke, 1965, *22:* 297
An aid to the diagnosis of spinal cord compression. Queckenstedt, 1965, *22:* 305
XXXII. *Experimental alteration of brain bulk*. L. H. Weed and P. S. McKibben, 1965, *22:* 405
XXXIII. *Decerebrate rigidity, and reflex coordination of movements*. C. S. Sherrington, 1965, *22:* 518
XXXIV. *An operation for the total removal of cerebellopontile (acoustic) tumors*. W. E. Dandy, 1965, *22:* 624
XXXV. *Electro-surgery as an aid to the removal of*
